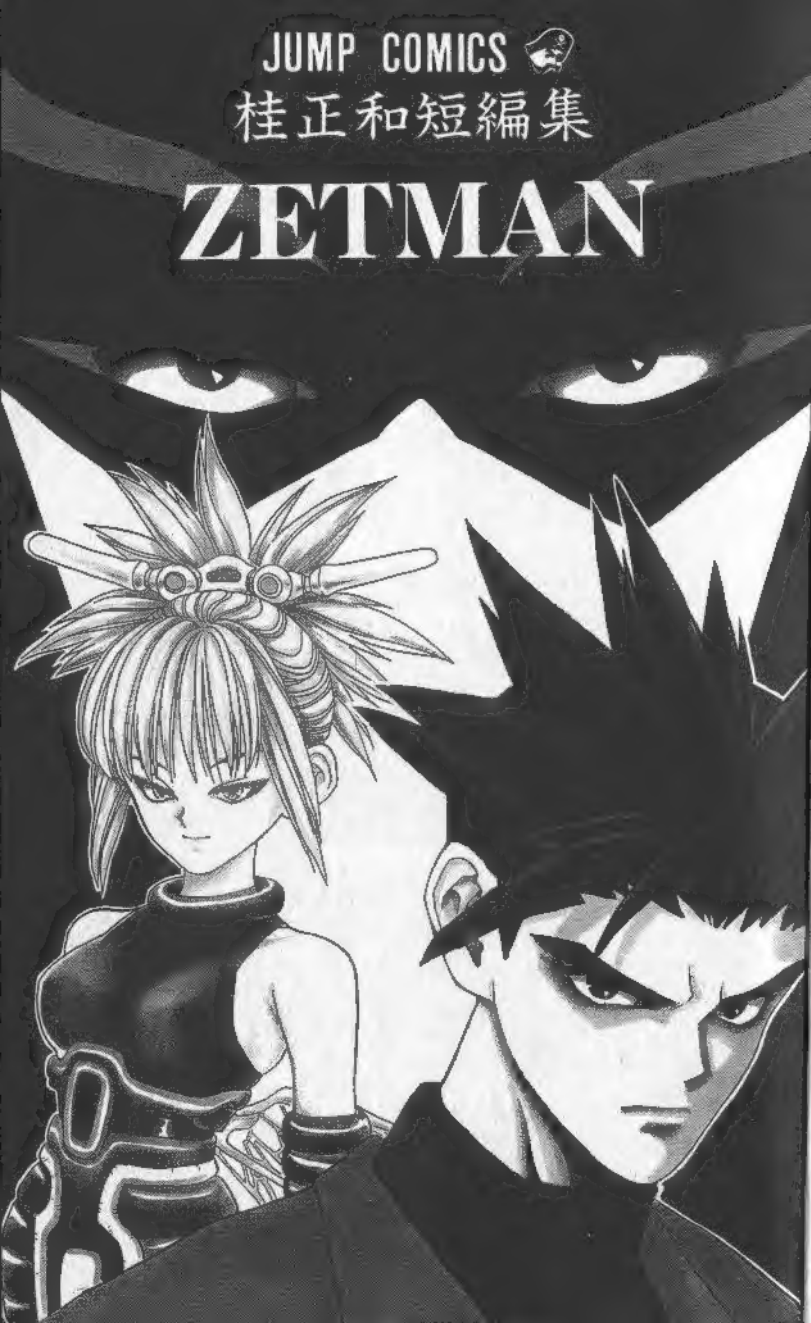
ZETMAN



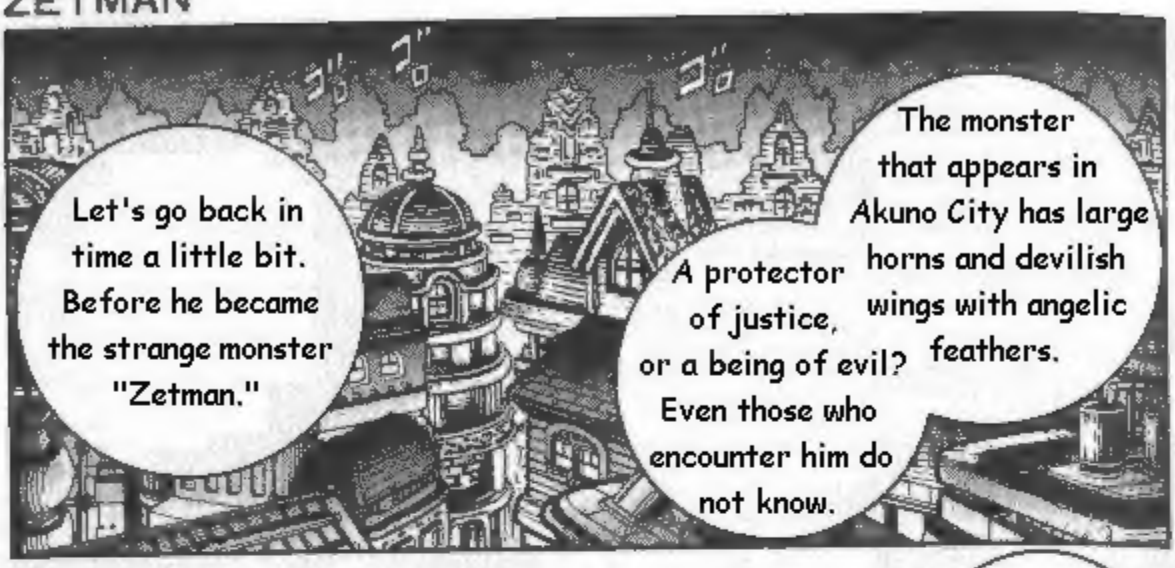
Scanned, Edited, and Translated by AK of Troy

That woman is saying no.
Your actions are EVIL.

AH!!
gff
.....
kyaaaa!!

ZETMAN

ゼットマン



Let's go back in time a little bit. Before he became the strange monster "Zetman."
A protector of justice, or a being of evil? Even those who encounter him do not know.
The monster that appears in Akuno City has large horns and devilish wings with angelic feathers.

We don't need a reason. It's what we've decided. Now give it to us!!!

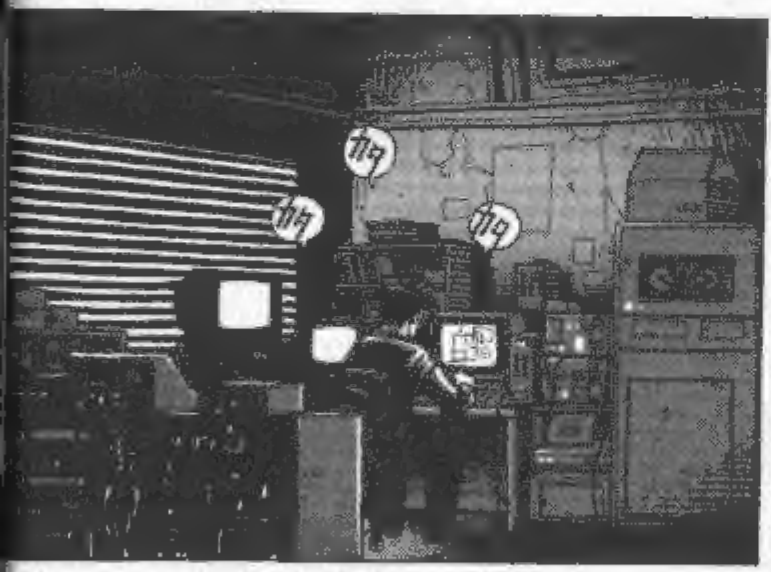
You gotta pay to pass though here.
Give us your money.
On that night, lightning was also shaking the darkness.

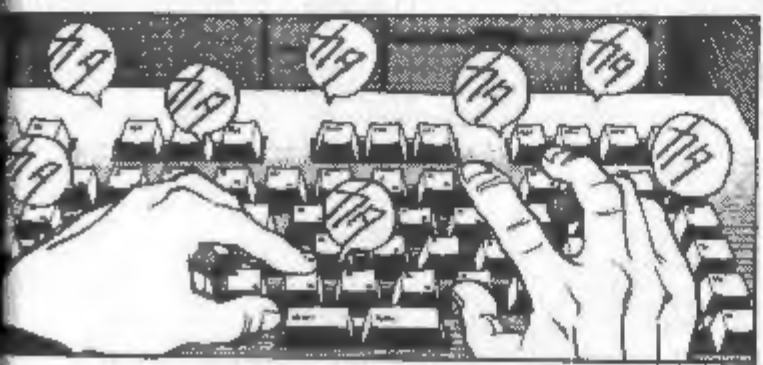
I have no money that I'd give to you.

Ah, is that so?

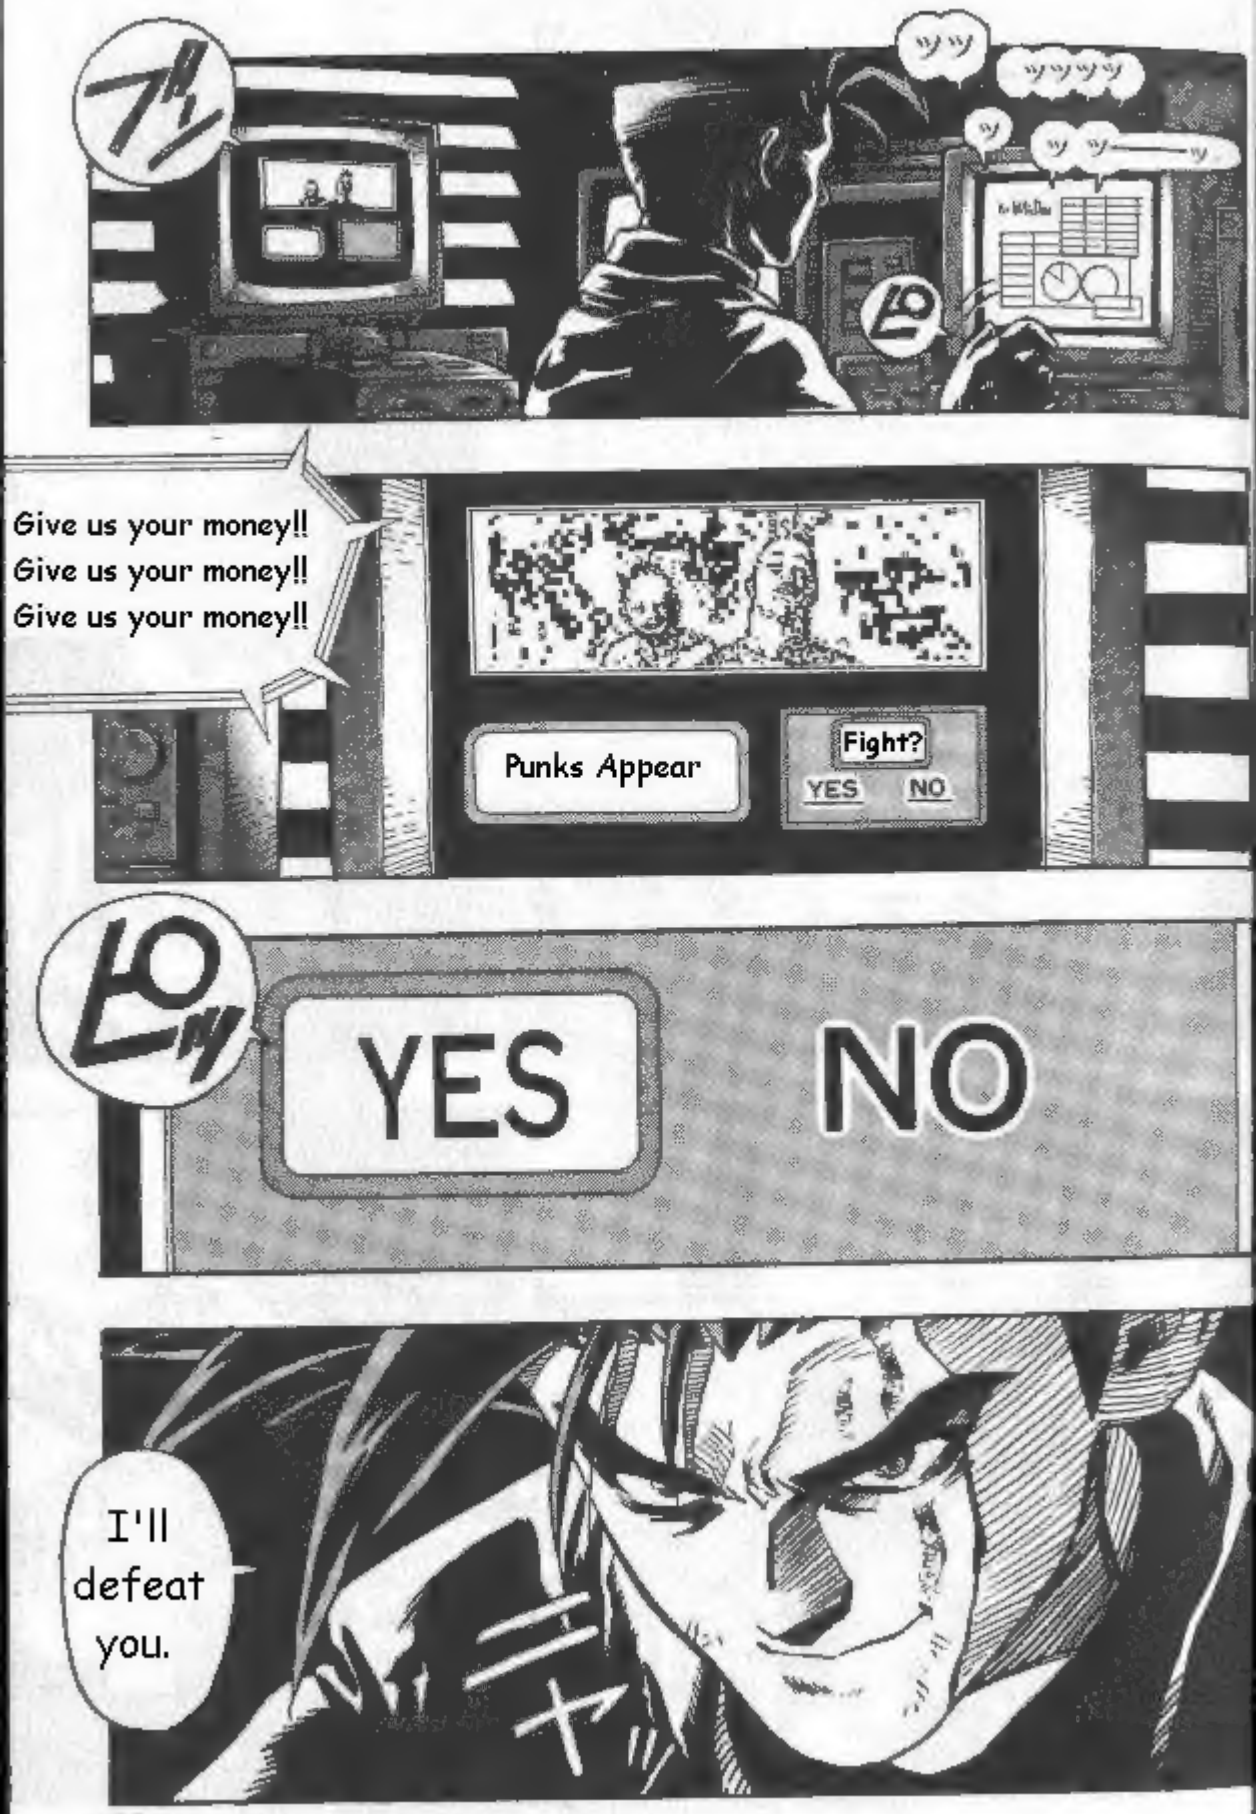
Damn it!!
Damn it!!

Thanks, buddy.
Hehe.. Got his whole wallet.





SOFTERS



Give us your money!!
Give us your money!!
Give us your money!!
Punks Appear
Fight?
YES
NO
YES
NO
I'll defeat you.

My name is Zetman. I will not forgive evil!!
His name is Kurono Jin (23) He's a game programmer

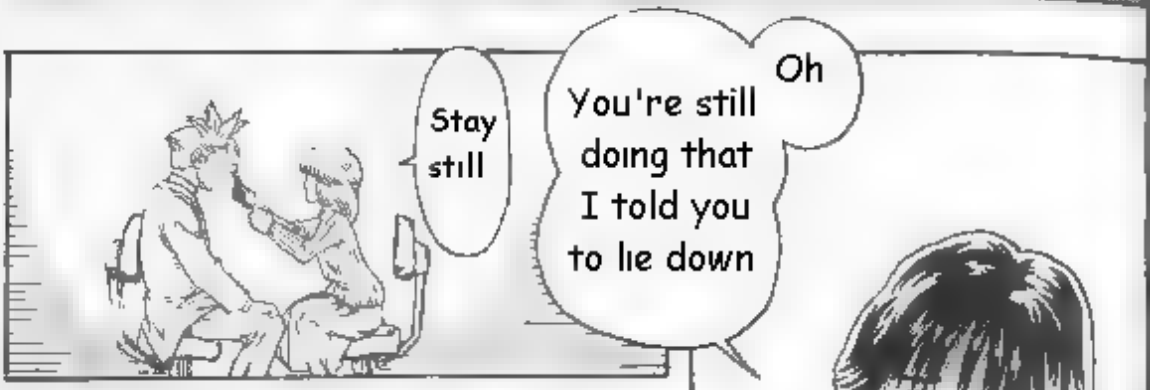
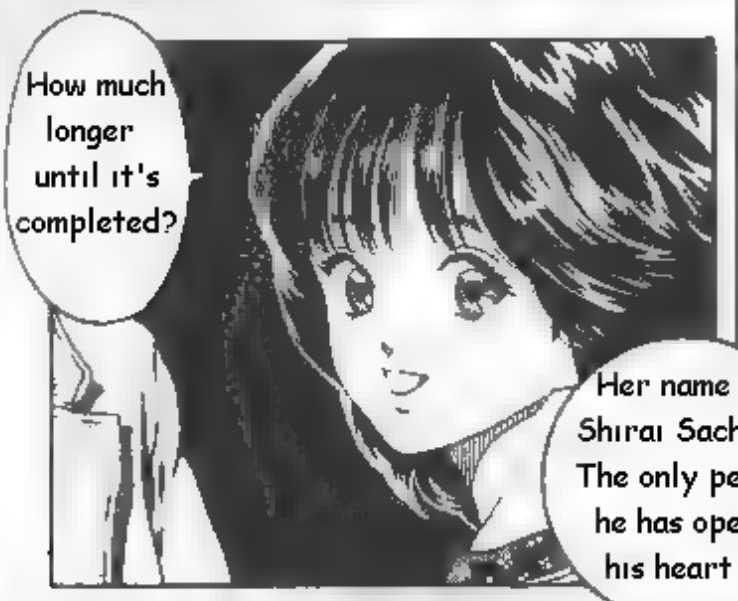
This is a hero simulation game he's working on called Zetman
話す
Punch
By doing good you gain "Justice" points and Zetman's shape and abilities will evolve
チチチ
Now What kind of Zetman will he raise?
.....
You gained 2 points 18 more until next level
AH!!
Heads Explode
The "AI-Super" (Artificial Intelligence) he created analyzes infinite situations and gives each player an ending designed specifically for him

Sorry, the First Aid Kit was hard to find



Stay still
Oh You're still doing that I told you to lie down



How much longer until it's completed?
Her name is Shirai Sachiko The only person he has opened his heart to

Oh? So you've already done the final boss?
I just have to program some small details and the weak monsters
ZETMAN

I know your boss is against the idea but I'm rooting for you Because we live in a world were good and evil can be confused I think a game like this where evil is clear will be popular
Yeah already programmed it
(Death)
Wow
So this is him? Death eh?
Let the police handle the bad people
But Kurono-san, you're not a hero or anything so be more careful
I don't really care if the game becomes popular As long as AI-Super can teach me the meaning of true justice
Oh?
It's what my mother taught me
Why is justice so important to you?
Geez learning what true justice means is fine and all but ..

When he was 12 the mother he loved was killed in front of his eyes by a hit and run driver. The perpetrator has yet to be caught.

When he was still a baby his father passed away and he was raised solely by his mother. His mother was the most important person in his life. She was very strict when it came to misbehaving, but was kind as an angel when he was good.

Let's change the subject how about some tea?

Sorry I didn't mean to

The police can't even find the evil person who killed her

The light was green!! My mother did nothing wrong!!! So why?!!

A being that surpasses a human A super hero is needed to judge evil

A human cannot wipe out evil because evil is born from humans

If I was..

If I was strong, if I was a hero...

.....

!?
UAHH!!
KYAA!!

Be a person of justice

Listen you must have a heart of good

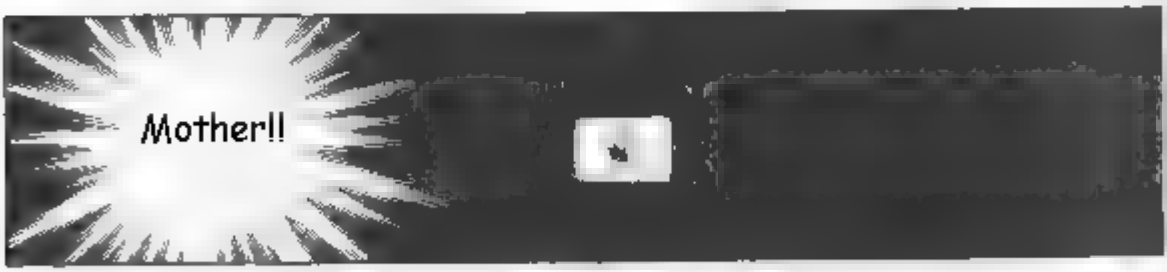
No that is bad

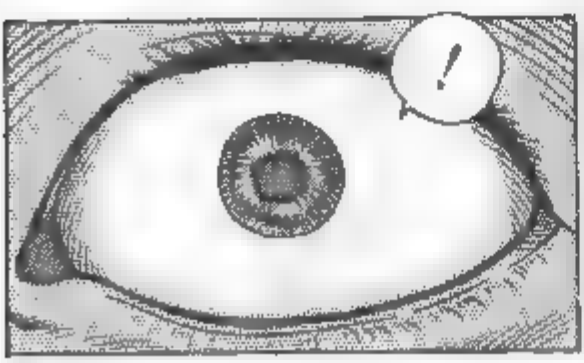
Jin-chan

Jin-chan

Become the last person of justice

Even if everyone in the word is soaked in evil





Awake?
Who are you?
Did you forget?
It's the AI-Super's Ais-chan!!
.....
I didn't program that kind of personality

Quit joking and get out of here
It's a bug Actually all of this is because of a computer bug
What level up?
Pft, you don't understand Without me, you can't level up
Close your eyes and imagine you're Zetman!!!
Arg!!
Stop messing around
Your's!!! Zetman's level up, obviously!!!

If I feel like it hehe

If you earn enough points I'll level you up
Get it? Well good luck earning points

Hey

.....

Earn points? Heh, no problem

He was like a fish who had found water As if the piled up rage had exploded, he went after evil
He crushes his idea of evil.
I am the last remaining justice Zetman I have gained in my hands unmistakable justice
He will not stop.

Geez it's always like this Too many people in the streets
-A few days later
honk honk
Come on!!
Oh it's OK I'm not in a hurry
Huh?!
Wah!!
Kya!!
Hey get out of there!!
Shut up you piece of shit!! What are you doing here?!!

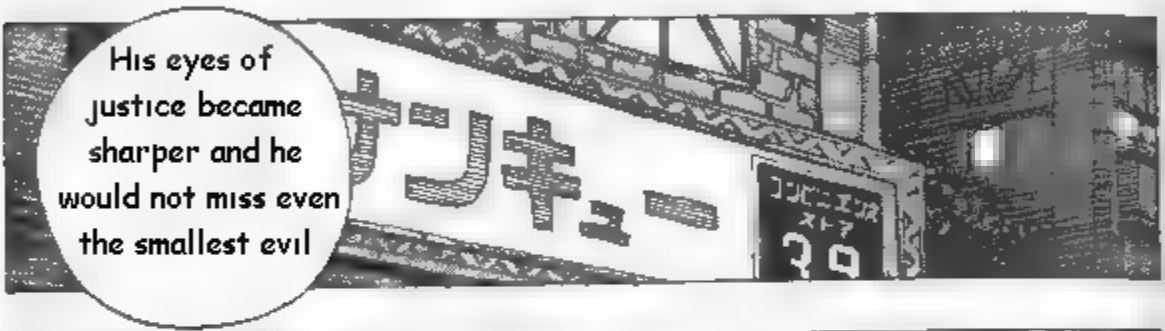
Driver!!
You old shrt!!
TAXI
AHHH
Uhh
Ah
ate
ga...
コッ

Who do you think you are?!!
hii
Awww!!
Show us a trick!!
Nice job costume boy!!!

Hey That's amazing jumping ability He isn't human is he?
-The next day
Yes I saw him He looked scary but he beat up criminals he must be a hero

Kuro
no
-kun

As you see the city is a buzz about this mysterious hero



His eyes of justice became sharper and he would not miss even the smallest evil

Zet-man!!
Aw!!
Stealing is unmis-takebly evil
Is there no kindness in justice?
Is that true justice?
Violence

Your justice is kindness to the weak. . You are nicer than any other person
That's what I believed Kurono-san. .

Awll

Why did this happen?
..why?

An anonymous call(the thief) to the media had further spread the name of Zetman
GAME・G
A week had passed since he had first appeared
By the way, impressive that you found me
I don't know Maybe you don't want to revert to being human?
Why is that?
Lately when I revert to human form my head hurts
I like being able to fly but
You're the type that stays up all night playing RPGs right?
Wow straight to level 4
トイレ

Well... It looks cool.
What's with the tail? It gets in my way, take it off
Damn another bug!!
It's not a computer bug
.....
I am merely a mirror that reveals you understand?
You should know this the AI-Super simply reflects the player's personality

Well.. What is true justice?
But can I reach true justice with these level ups?
What? I haven't programmed the weak monsters What should I do?
Pft damn Ais
Oh!! You can't level up any higher unless some monsters appear
OK, the answer must lie at the final level
We have breaking news at around 12 30pm
Huh?
Looks like Zetman time
Bank robbers are holding hostages in Akuno Bank
You're right

Calm down!!
This is bad What if Zetman comes ?
Don't worry, a hero of justice can't do anything if we have hostages!!
You are completely surrounded come out!!
hii!!
Ah!
Stay away!!
kya!!
That fool what if something happens to the hostages?
It's Zet-man.

Stay back!!
Please let me go!! I'll release her!! I won't do this ever again!!!
No kindness?
Is there no kindness in justice?
Is that true justice?

Let.
Then.
her
..go.
UAHH!!!
Damn it!!

AHH!!!
AH!!!
Yikes
One of the criminals is getting
That's horrible
Damn humans
IIIII

Zetman? Yeah I think he's gone too far lately One false step and he could be a criminal
Shi-rai
The Akuno Bank incident was taken care of by Zetman but the police are not satisfied
You were wrong There is no need for kindness against evil
Emotion only gets in the way when capturing evil I need strong willpower that can kill emotion I must level up further
They are warning that he is dangerous Let's hear what the people on the streets think
It's that simple
If there are no monsters I'll just input some
WAAA!!
KYAAA!!!

ゴゴ
ゴゴ

!

What's going on?

heh

I see. Someone has been messing with the program
!
SOL
You Just as I thought
Why did you erase those monsters?
What you are doing is not true justice!!
Please, wake up!!
Now you can't level up There's no point to it
Not just them I also erased the final boss' program

There is a point to the leveling up, that's where true justice awaits!!!
What do you mean?!!
You are wrong!!
No!! No!!
No way, I got rid of it!!
Where? Where is it?
Of course!!
You wanna fight it?
You have to be at level 5 I'll give you a break here you go
PUTTY
Ais!!
It looks like the final boss wasn't erased

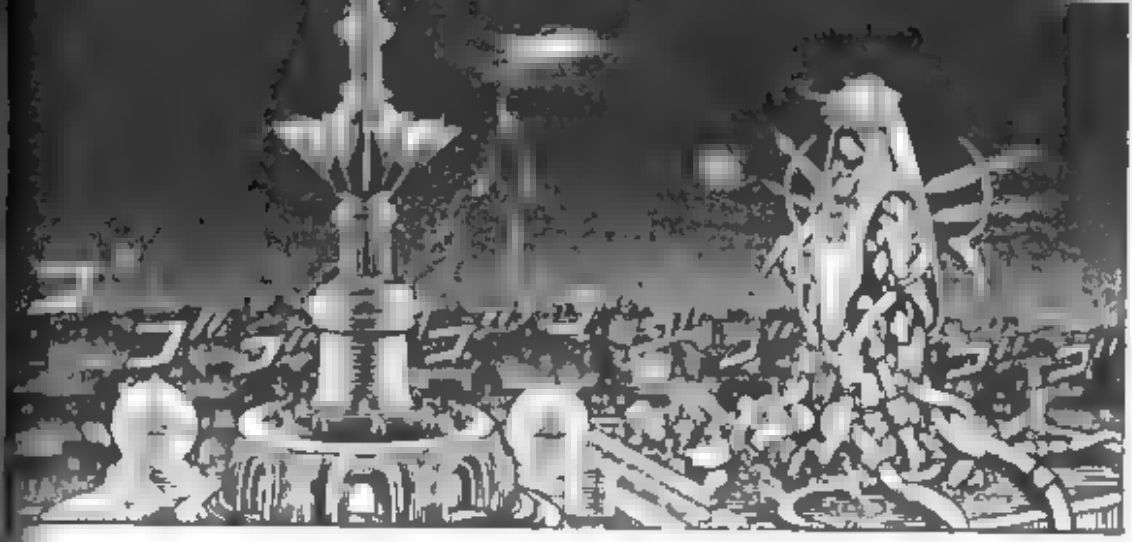
!!
AAAAAA!!!!
What?!!

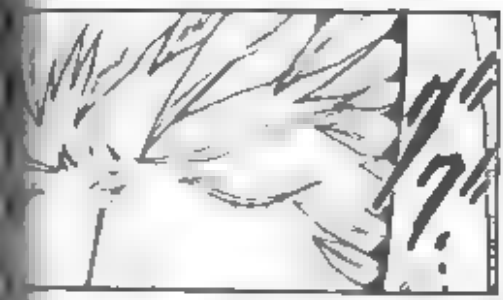
My name is "Death" If you claim to be justice
then I am the light which erases justice
.....
Why Shirai ?

You raised Zetman in a way that made this happen

Which is the answer you wish for?
Whether you defeat Death or not you should gain the results

!
Heh, I see..



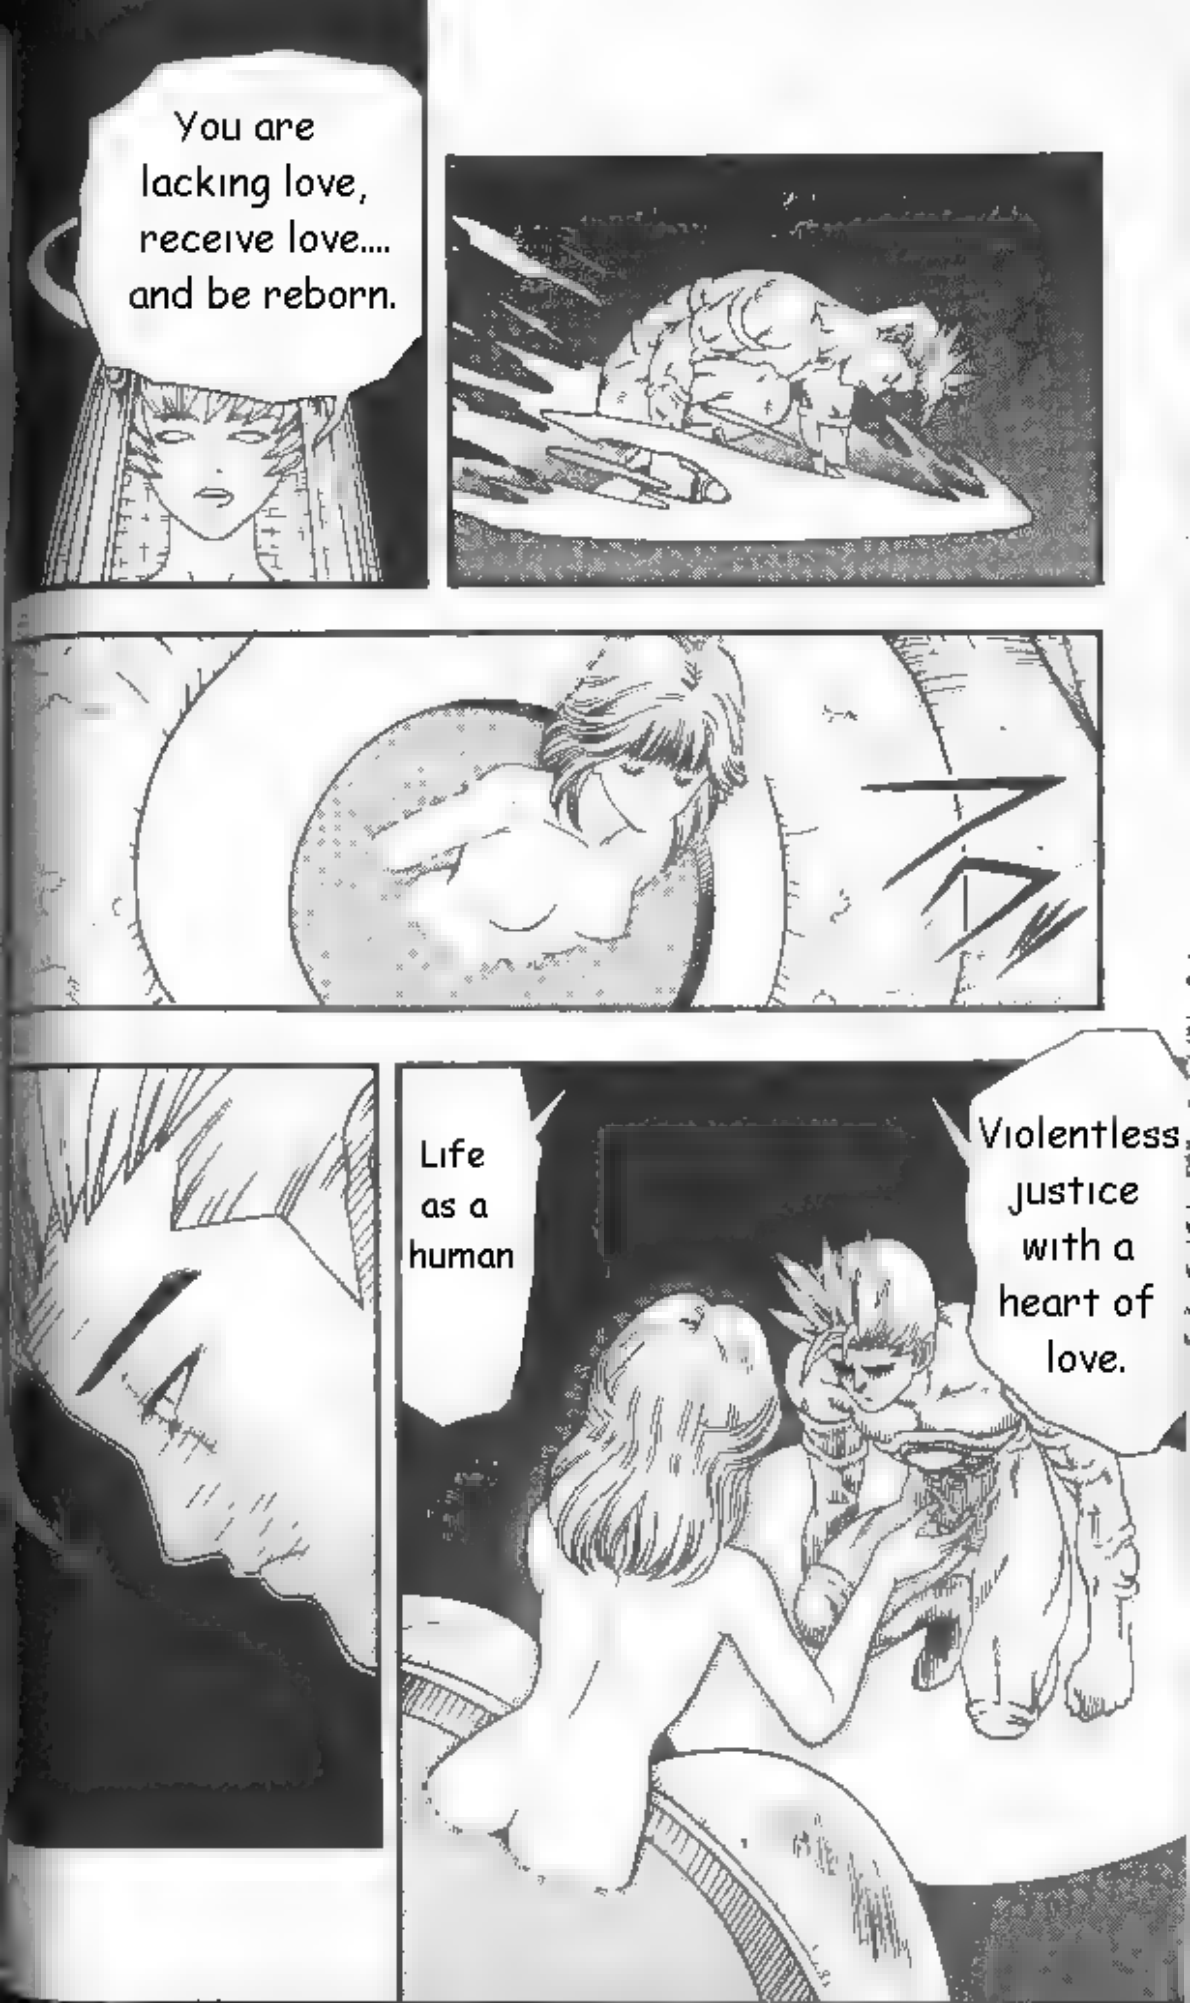


yet you revolt against justice
Why... Why do you stand in my way? I thought of you like my mother

Gua!!
Look at your own self!!!!

You look like a devil!! Is that the shape of a hero of justice?!!

But you must learn to hate the crime not the person
Open your eyes Humans will make foolish mistakes
Kindness must exist somewhere within justice
Regain your human heart Remember that kind heart
ガリッ



You are lacking love, receive love.... and be reborn.
Life as a human
Violentless justice with a heart of love.

Do you under-stand?
.and pain and joy as a person Once you understand these
you will learn what true justice is

Yeah

That all that bullshit isn't necessary to justice.

He... reached the final level...

This is terrible. A killer has taken a baby hostage.
No!! Tsutomu-chan!!
Shut up, police!! I'll throw the baby!
Don't be foolish!!
!
Come at me and I'll throw the baby.
Oh, you. Do you want another hostage to die because of you?

!
Damn it!!
gu
Uh
ga
Tsutomu!!

His name is Zetman, this world last remaining justice.

Look, the baby is safe!!
Huh?

waa!! waa!!

Attack only the evil without any wasted destruction.
By throwing away his humanity and ridding himself of emotion, he can now accurately discern what is and isn't evil.

He's kind of become a good guy... Pft, how boring.
Thank you, Zetman.
That may be pure justice.....
